AEA Coffee Break Webinar Series
Wordle for Evaluators with SaraJoy Pond and Susan Kistler

Wordle generates "word clouds" from text that you provide. The clouds give greater prominence to words that appear more frequently in the source text. You can tweak your clouds with different fonts, layouts, and color schemes. The images you create with Wordle are yours to use however you like. You can print them out, or save them to the Wordle gallery to share with your friends.
